Expanding Continuity of Care Programs for HIV patients in Zambia

Sonesh Surana
Tier Retreat, Oct 29, 2005
Tier, UC Berkeley
HIV in Zambia

- 1 out of 6 has HIV
- 90,000 ppl died in 2003
- Continuity of Care is a big problem
Continuity of Care Project

- Sharing of care information very useful
- CDC + Ministry of health project + Dimagi
- Smart Card Based Approach
- Pilot – 3 clinics in Lusaka
Moving on from Pilot

• Pilots chosen for success – not always real

• Big Question: How to expand from pilot into mainstream?
Towards Gradual Adoption

• Smart Phones
  – Transport over SMS

• Co-existence with paper
  – Smart phone cameras

• Robustness
Questions ?
